Building & Grounds Projects Underway!

Does it seem brighter at Northminster? In June we completed a project to replace almost of the lighting in the church with energy-efficient LEDs. Some of the washrooms now have motion-activated light switches. About 50 percent of this project has been underwritten through the ComEd Energy Efficiency Program.

Windows! The new windows for the Nursery should be installed already as work was started this past week. No more cold winter drafts!

What's cooking? Not much for the next couple of weeks — on June 29th the crew arrived to remove the old baking ovens and range from the kitchen. The old range is only about 20 years old and the baking ovens more like 65 years. The new equipment should be ready to go in a few weeks.
